Cc: Flachsbart, Bruce R (mems@illinois.edu)

Illini Solar Car:

Thank you for your request for matching funds from the Engineering Design Council in the period ending in June 2015. After careful consideration of the funds available to the Design Council, the council allocated the available funds according to our evaluation of need. Consequently, your project is being allotted \$5,000. As for your request for space in ESPL, you will be allowed access to the machine shop for training and use of the facilities. Please contact Bruce Flachsbart about the access and possibility of work space.

Distribution of funds will be made upon demonstration of cash or in-kind matching value having been secured. I will need proof of matching funds (copies of receipts, emails, etc) and your account number to transfer the funds into. You can email me this information or bring it to my office, 206 Engineering Hall. These funds are for the 2014-2015 school year and all proof of matching funds must be submitted by June 15, 2015. Funds do not carry over to the next year.

The EDC wishes all teams total success in their competitions and educational pursuits. We appreciate your efforts in representing the College of Engineering and the University of Illinois!

M. Kay Kappes
