Shelly Zhang	Civil & Environmental Engineering	Stacey DeLorenzo	Facilities & Services
Yanfeng Ouyang	Civil & Environmental Engineering	Sarthak Prasad	Facilities & Services

Dear Colleagues:

The Campus Transportation Advisory Committee (CTAC) is an advisory body to Transportation Demand Management (TDM) at Facilities & Services (F&S) and the campus community on matters relating to campus transportation.

The committee will review aspects of surface transportation on campus, including pedestrian safety, bicycle facilities, transit, automobile traffic, and the interaction of all modes of travel on campus. The purpose of the committee is to advise Facilities & Services on transportation issues affecting students, faculty and staff. Responsibilities include items such as:

1. Help identify needs and share information about pedestrian safety initiatives and priorities.
2. Review and make recommendations for prioritizing bicycle infrastructure, education, and enforcement on campus.
3. Provide advisory input to the Commuter Program under development.
4. Review and comment on matters relating to student, faculty, and staff transportation, when needed.

Safe, efficient, healthy, and sustainable transportation for our students, faculty, and staff is important to campus. We appreciate your advice and assistance in pursuing the best services available at the most reasonable costs.

Sincerely,

Mohamed Attalla

[Mohamed Attalla \(Nov 9, 2020 11:38 CST\)](#)

Mohamed Attalla, Ph.D., MBA, P.ENG
Executive Director
Facilities & Services

cc. Dennis Schmidt, Public Works Director, City of Champaign
Carol Mitten, City Administrator, City of Urbana
Karl Gnadt, Managing Director, MTD
