AquaHarvest Technologis	"University Performing Arts Center - Illinois." Does not specify which university.	University	Integrated subsoil-drainage collection, pumping, storage, pressurization, filtration, purification & treatment system.	Provide a subsoil-drainage collection system, designed for use with flushing plumbing-fixtures. Designed all of the critical sub-systems, and ensured that all modules of the system were precisely integrated to operate in unison.	Completed	Difficult to find website. Used be but is no longer connected to Metropolitan Industries Inc.? (https://metropolitanind.com/plumbing/rainwater-harvesting-pump-systems/). This information was from 2013.	https://d3pcsq2wjq9izt.cloudfront.net/files/86098/download/649397/0.pdf?utm	General Contact		(815) 886-9200	
Chicago Public Schools	Chicago, IL	Public Schools	Water conservation project.	Focuses on stormwater management and water quality testing & drinking water.	In Progress	No clear mention of graywater, but may be interested in it as part of their Water Conservation project. This is under their larged Energy & Sustainability project.	https://www.cps.edu/strategic-initiatives/energy-sustainability/programs/water-conservation/	Office of Business Enterprise Development and Environmental Social Governance (OBEDESG)	Potentially the most relevant office	(773) 553-2980	
Southern Illinois University	Edwardsville, IL	University	Environmental Resources Training Center (ERTC)	Training & education for personnel involved in the operation, maintenance, and magament of drinking water as well as trainig for licensed plumbers and certified water operators. Has a 30,000 gallon/day pilot scale water/wastewater treatment plant and a 0.3 million gallon/day SIUE wastewater treatment plant.	Program Currently Offered	Illinois Environmental Protection Agency (IEPA) designated the Environmental Resources Training Center (ERTC) as the Illinois center for the continuing education of personnel involved in the operation, maintenance and management of drinking water and wastewater treatment systems.	https://www.siu.edu/ertc/about/index.shtml	General for the Training Center		(618) 650-2030	ertcinfo@siue.edu
Illinois State University	Normal, IL	University	Water conservation efforts	Works to optimize water efficiency in all buildings and campus operations.	In Progress	All residence halls have low-flow sowerheads, toilet tanks, and flush valves.	https://sustainability.illinoisstate.edu/explore/water/ AND https://watercenter.illinoisstate.edu/about/	Center for a Sustainable Water Future			WaterCenter@IllinoisState.edu
University of Illinois - Chicago	Chicago, IL	University	Net Zero Water	SMART goal: Develop a campus-level non-potable water use strategy by the end of 2026.	In Progress	The university's Climate Commitment Action Plan 2024 provides recommendations for reducing water consumption, improving stormwater management and increasing the use of non-potable water to achieve its net zero water university commitment.	https://pspm.uic.edu/sustainability/net-zero-water-university/ AND https://pspm.uic.edu/sustainability/climate-commitment-action-plan-2024/	Andy Mitchell AND Elizabeth Schmidt Bosarge	Assistance Vice Chancellor & Sustainability Director AND Zero Waste Program Director		andrewmm@uic.edu AND eschmi21@uic.edu
Loyola University	Chicago, IL	University	Water Resources - Sustainability Initiatives	Stormwater management & green infrastructure	In Progress	No clear mention of gray water, but may be interested in it as part of their water conservation efforts. Their climate action plan includes the "water resources" section of their initiatives.	https://www.luc.edu/features/led/lesstormwater/ AND https://www.luc.edu/sustainability/sustainability/loyola/loyolasustainability/initiatives/waterresources/		Directory for School of Environmental Sustainability: https://www.luc.edu/sustainability/about/ourpeople/		sustainability@luc.edu
DePaul University	Chicago, IL	University	Conserving water commitment	Water refill stations, water saver shower heads, efficient washing machines, some managing and trapping of stormwater for irrigation.	In Progress	No mention of gray water, but may be interested in it as part of their conserving water commitment.	https://blogs.depaul.edu/sustainability/campus-initiatives/our-campus/	Christie Klimas	Faculty member on the President's Sustainability Committe. Also mentioned as a contact to reach out to with "ideas about advancing sustainability at Depaul."		cklimas@depaul.edu

Northern Illinois University	DeKalb, IL	University	Water conservation goals	Replacing plumbing equipment, developing stormwater management plan and rainwater harvesting systems.	In Progress		https://www.niu.edu/sustainability/campus-initiatives/water.shtml	Thomas Skuzinski	Directory for School of Environmental Sustainability		TSkuzinski@niu.edu
Northern Illinois University	DeKalb, IL	University	Environmental Resource Center / Water in a Changing World Research	Educates & assists residents/businesses/organizations with environmental topics. Water efficiency focuses include low flow plumbing & high efficiency water appliances.	In Progress		https://www.niu.edu/cas/ece/research-partnerships/environmental-center/index.shtml AND https://www.niu.edu/cas/ece/research-partnerships/water-center.shtml	Institute for the Study of the Environment, Sustainability and Energy - General Contact	Multiple Potential Contacts: https://www.niu.edu/cas/ece/research-partnerships/water-center.shtml	(815) 753-1814	ENVS@niu.edu
