

# SPORTSWORKS TOFINO E-RACK (\$11,220)

- Suggested by League of American Bicyclists (LAB)
- Charges & locks two (2) bikes
- Anchored into concrete
- Recommended to be covered in the case the user's electronics are exposed to weather/cold
  - Rack itself is IP54 rated
- Standard rack design (U-loop)
  - Similar to racks already on campus
- LEED Bonus
  - SS Credit 4.2
  - MR Credit 4.1 & 4.2

# SARIS POWER POST (\$5,522)

- Charges & locks two (2) bikes
- Anchored into concrete
- 1 year warranty
- Overhead cover highly recommended
- Other big concerns are standing water and snow drifts
- Not our standard design (U-loop)
- Lead time: 3-4 weeks

# SARIS EBIKE CHARGING STATION (\$22,720)

- Charges & locks one (1) bike
- Anchored into concrete
- 1 year warranty
- Same concerns as previous design (weather, standard design)
- More secure due to locking arm
- Small locker to place user's charger
- Lead time: 5-6 weeks
