

RIGHTCYCLE* by KIMBERLY-CLARK PROFESSIONAL* is an innovative program that will help Illinois Sustainable Technology Center (ISTC) divert your non-hazardous waste and contributes to reaching your mission of zero landfill sustainable practices. The RIGHTCYCLE* Program makes it easy to recycle your Kimberly-Clark Nitrile Gloves into a variety of useful, eco-friendly products. The RIGHTCYCLE* program will help ISTC eliminate what was traditionally a challenging waste stream.

ISTC and Kimberly-Clark Professional are making an impact through innovative partnerships like this one, seizing opportunities to leverage supplier and customer resources to advance sustainability with smart business. Working together, we can begin your waste reduction journey today.

Sincerely,

Camille Hegwood
Marketing Manager
Kimberly-Clark Professional
