Jonathan V. Sweedler
March 30, 2014

Dear Jonathan,

I am writing this letter to offer my support to your proposal for a Sheltered Bicycle Parking for Chemical and Life Sciences Building and Roger Adams Laboratory to be funded by a Student Sustainability Committee (SSC) grant.

I agree that sheltered bicycle parking will be well received by the building occupants and I am supportive of the concept. As you may know, changes to the outside of buildings are not within the purview of the School of Chemical Sciences, but need approval from Facilities and Service (F&S). Thus, I am not able to approve the project but do offer my support.

Please do not hesitate to contact me if you need additional information.

A handwritten signature in black ink that reads "Jonathan V. Sweedler".

Jonathan V. Sweedler, Ph.D.
James Eiszner Family Chair in Chemistry
Director, School of Chemical Sciences
