54,229
Miles Ridden

838
Total Bikes

3,063,938.5
Calories Burnt

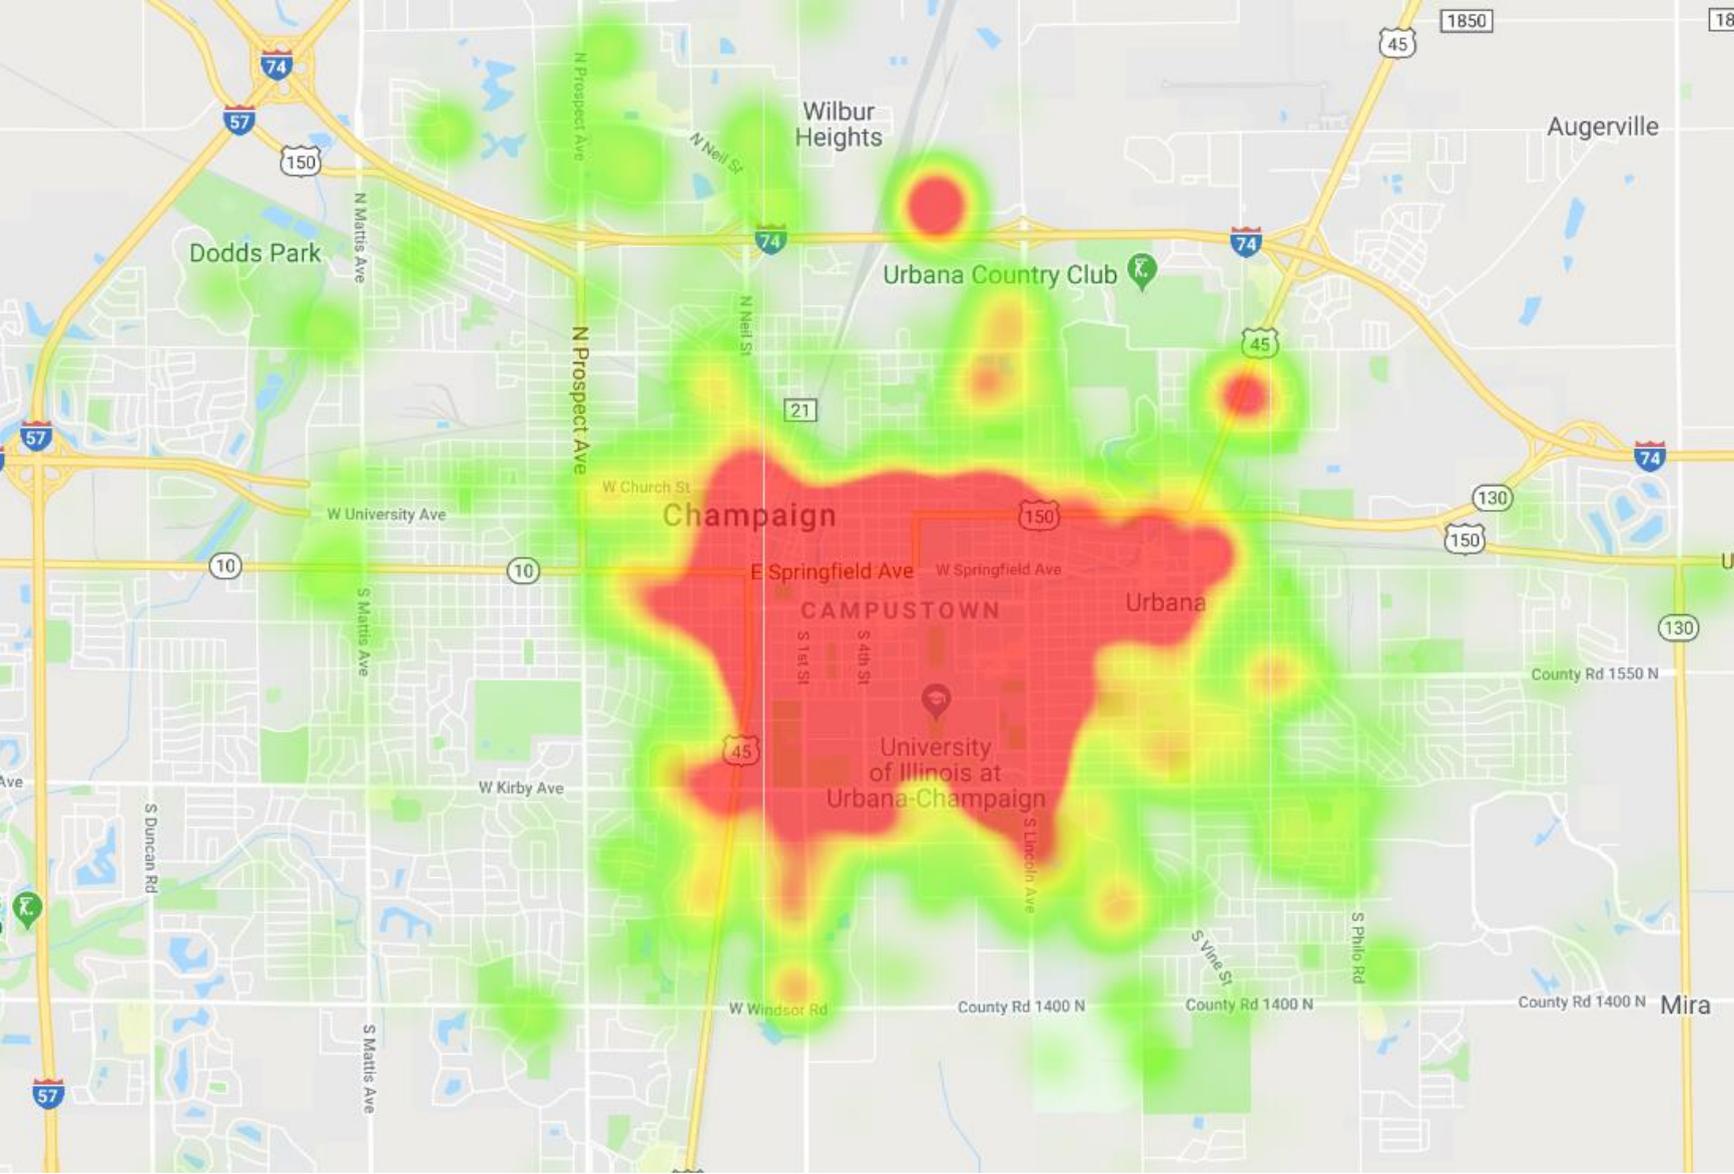

21,854,287
Grams Emission Reduced

Key Points:

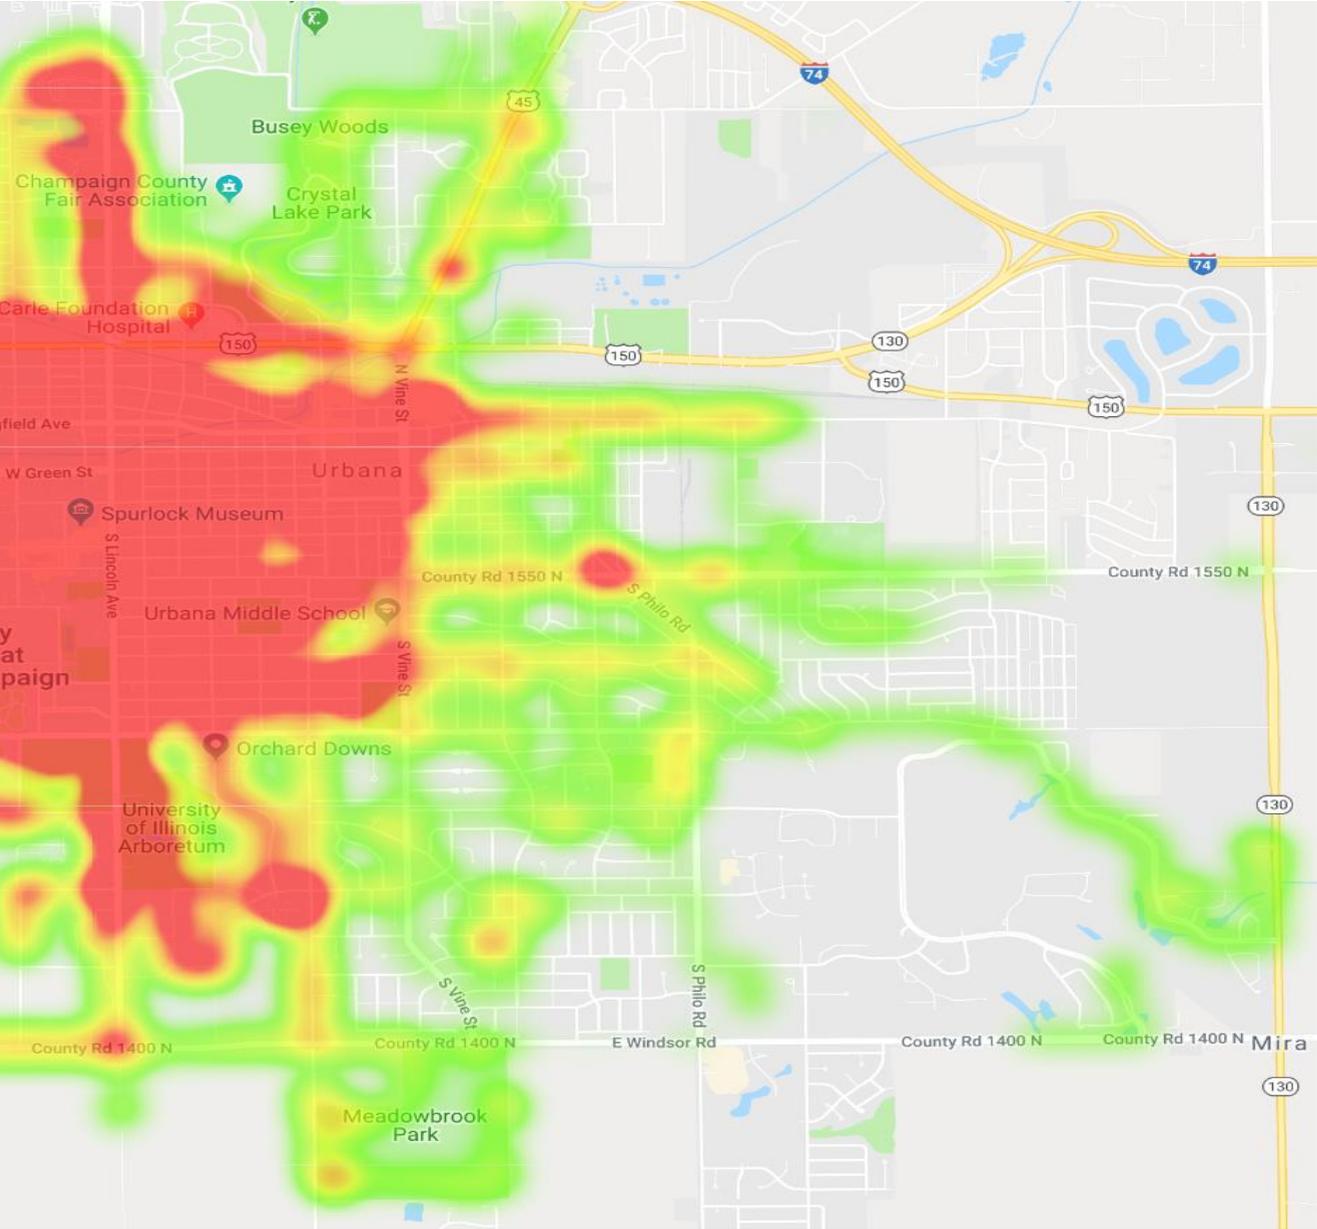

1. We've already done over 1000 rides with E-bikes since deploying on Monday!!!
2. We are picking up peddle bikes now. We currently have 20 removed from the st. We will have 150 off by end of day next Friday 4/12 to stay within the 500 limit.

Overall Heat Map

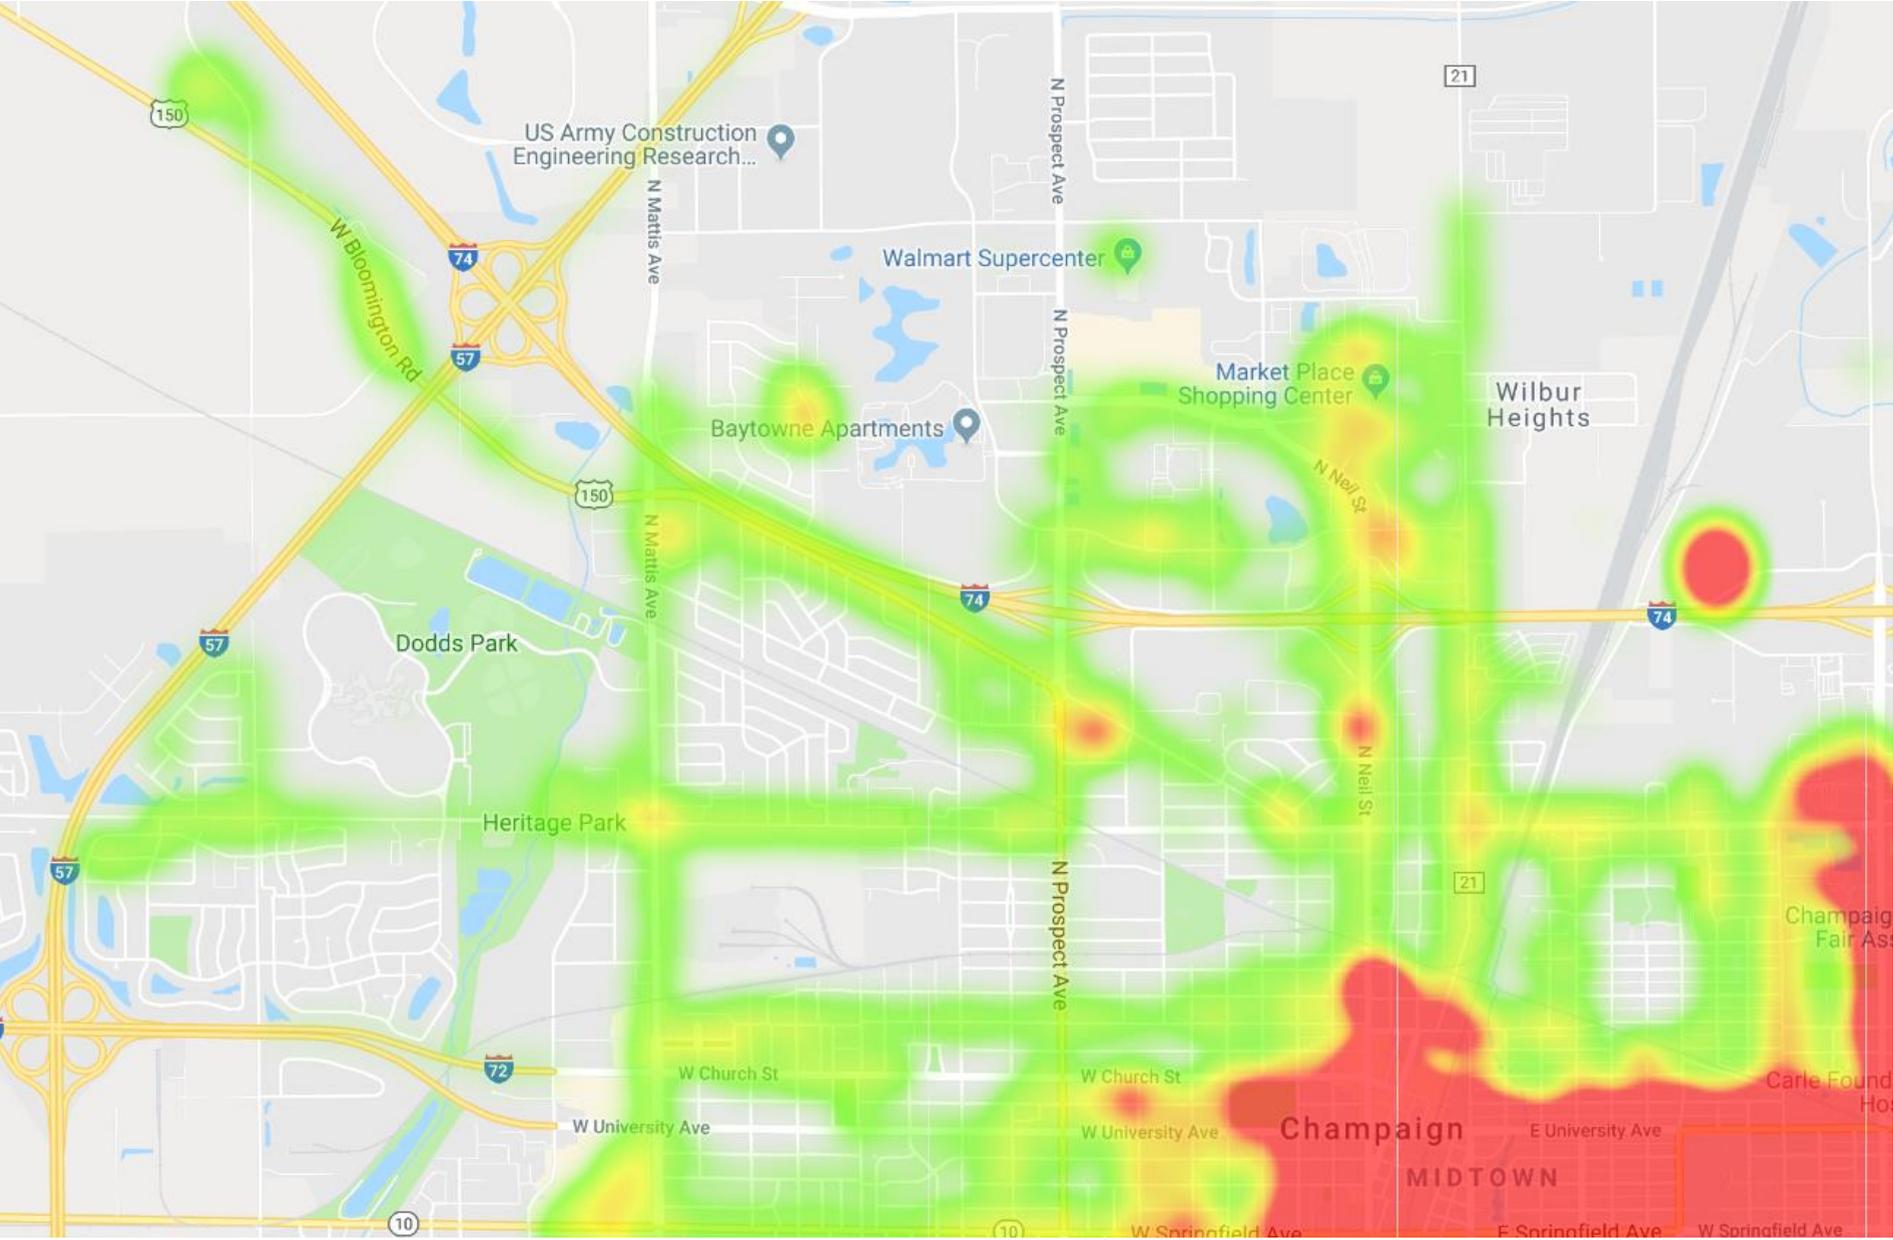

The two circles NE and N are from our old and new warehouse spaces

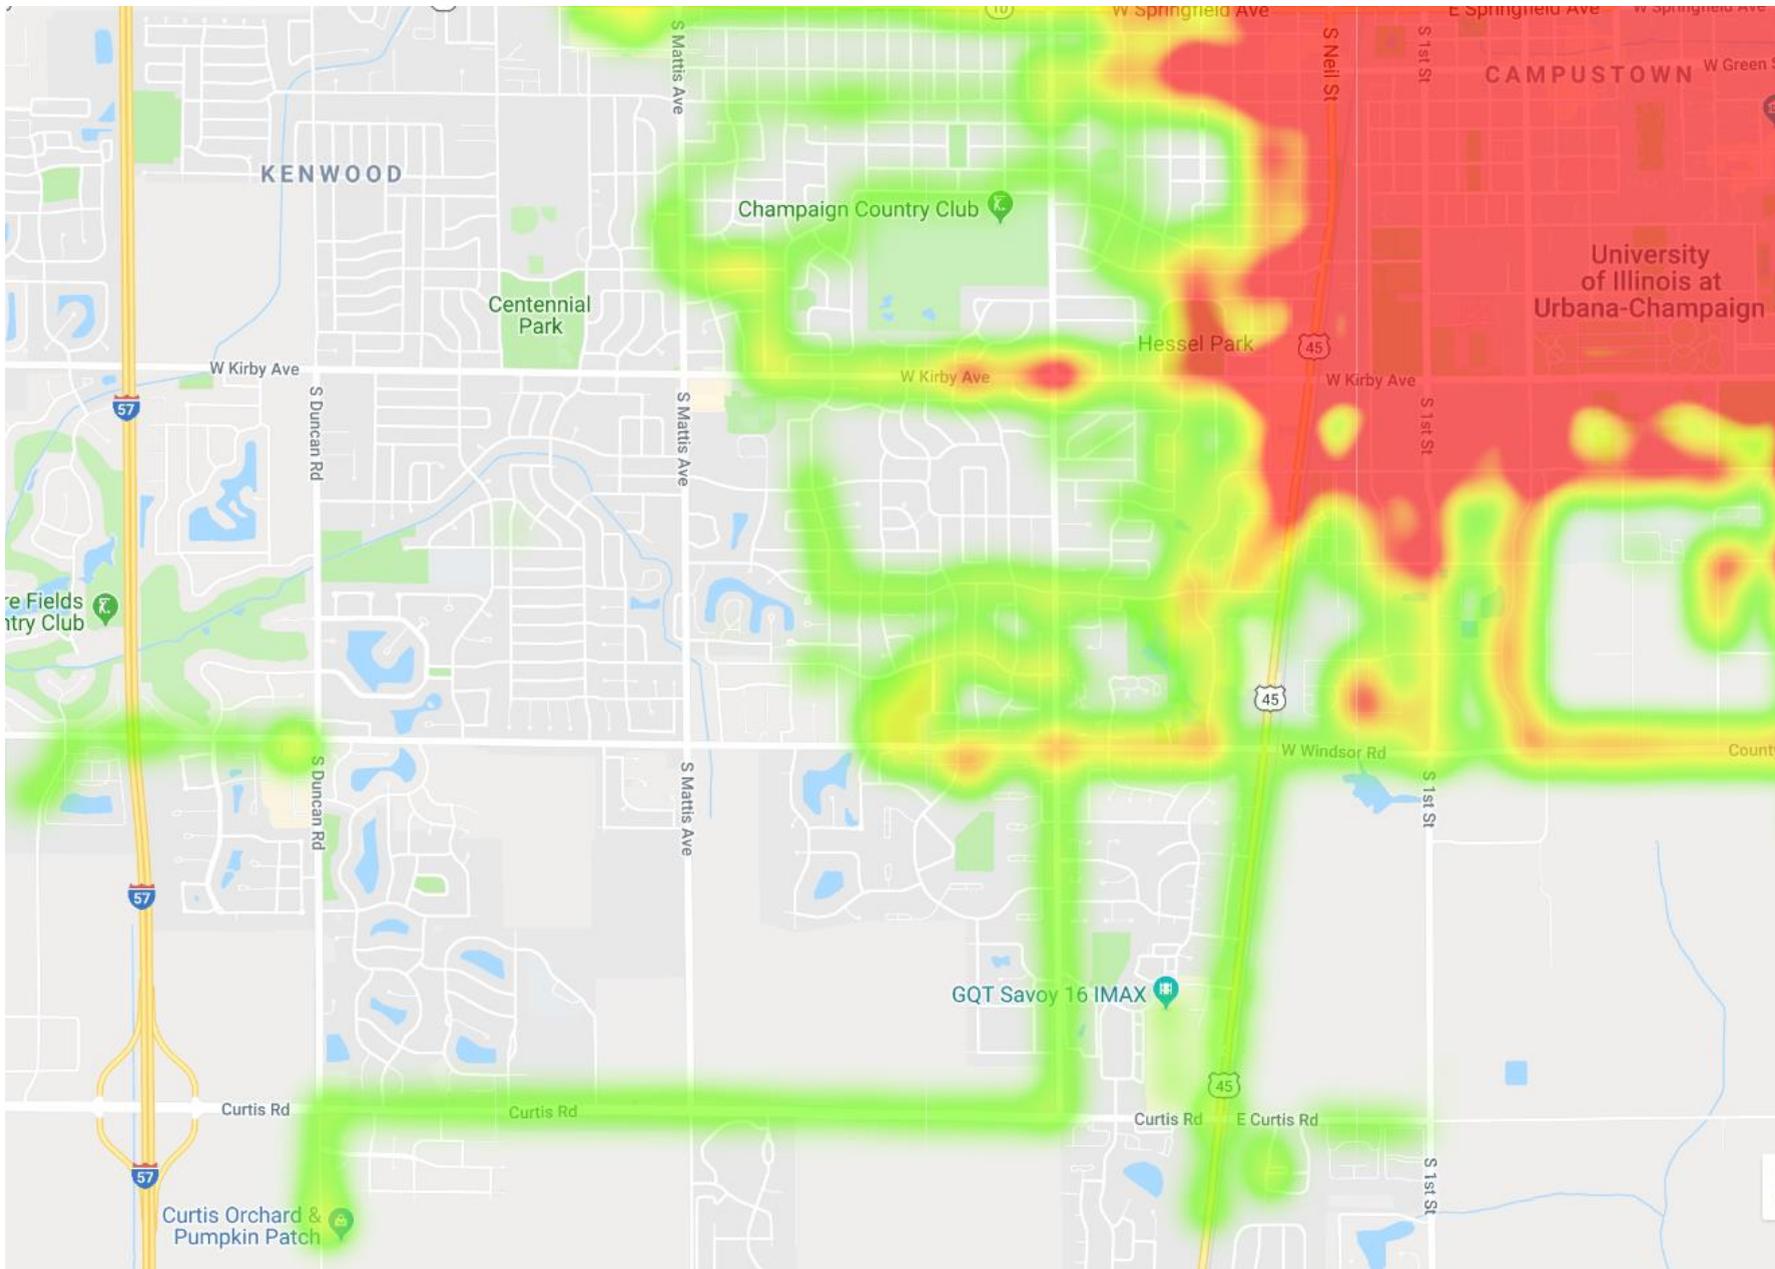

Urbana Riding Path

North Champaign Riding Paths

South Champaign Riding Path

Moving Forward

- **Morgan is getting us a station for Bike to Work day on May 1st**
- **We'll have a table at the Illinois Marathon both Thursday and Friday**
- **We'd like to do some public events with the city and campus to promote proper bike parking and safety (Please let me know what we can be apart of)**
- **Possible work space might be provided to us on campus. This would allow for quicker response times and overall better business practices with a central location**
- **Free rides during Finals week!!! (We'll be sending an email to all users for a free ride on us.**
