What is SmartWay Program?

- Established in 2004 by the U.S. Environmental Protection Agency to reduce freight transportation emissions
- Can become involved in two different ways:
 - SmartWay Partner
 - Companies that ship, manage, or haul freight
 - Can join program by meeting certain standards of fuel efficiency
 - SmartWay Affiliate
 - Companies or organizations that do not ship goods directly
 - Can help to promote sustainability by spreading the word about the program

Why is SmartWay important?

The transportation sector accounts for the largest portion of greenhouse gas emissions

By 2050, global freight emissions are expected to surpass passenger vehicle emissions

Since 2004, the SmartWay Program has helped to save over 280 million barrels of oil and \$37.5 billion on fuel costs

The University of Illinois and SmartWay

- University of Illinois's commitment to leadership- especially when it comes to sustainability
- Dining Services became a registered SmartWay Partner in 2013
- Board of Trustee signed agreement for University of Illinois system Summer 2020
 - Recommended by a SWATeam in 2018
 - Initiated by a first-year engineering student
 - Given to F&S Sustainability to help move along on campus

Demonstrates our
commitment to
sustainability

Helps to reduce our
impact on global
emissions

Affiliate Status

- The University of Illinois system is a registered system
 - All locations hold this status
- As a SmartWay Affiliate, our role is to:
 - Share information about the SmartWay program with shipping partners
 - Promote freight efficiency through campus initiatives

Allow us to share our SmartWay status on your website!

The screenshot shows the website header with the University of Illinois Urbana-Champaign logo and a search bar. The main navigation includes 'Facilities & Services' and various service categories. The breadcrumb trail indicates the current page is 'Delivery & Receiving'. On the left, there are buttons for 'Delivery & Receiving' and 'Stock Items & Pricing'. The main content area is titled 'DELIVERY / RECEIVING' and contains several paragraphs of text. A red arrow points from the 'SmartWay' text on the left to a specific line in the text: 'Call us at 217-300-1192 or 217-300-6167; have your C-FOAPAL information handy. We ask that you provide enough notice to ensure we can plan accordingly for your delivery.' Below this, there is a section titled 'Check the Status of Your Order' with a bulleted list of instructions.

DELIVERY / RECEIVING

Receiving is the centralized receiving site for orders placed by a department that are not delivered directly to the department by the vendor. These orders are distributed to the department at no charge.

Items ordered from Stores and [iStores](#) are also delivered at no charge. Most orders placed before 3:00 pm are delivered the next working day.

Receiving offers a parcel pick-up/delivery service for the campus. The basic service covers orders ranging in size from a single box to a pallet. The cost of this service is \$40. Orders larger than one pallet or that have special time-sensitive delivery needs may incur additional charges.

Call us at 217-300-1192 or 217-300-6167; have your [C-FOAPAL](#) information handy. We ask that you provide enough notice to ensure we can plan accordingly for your delivery.

Check the Status of Your Order

- Check Order Resources at [my.fs.illinois.edu](#) (department orders only), or
- Call a Customer Service Representative at 217-244-0139. Have your Stores Requisition Number or account number available to expedite this process.

Moving forward

- Spring check-in
- Periodic updates from us on progress made by other campus departments
- Ideas on how Stores and Receiving can help with SmartWay recognition around campus
 - Website recognition
 - New Stores website 2021
 - Digital signage
 - Physical signage outside PPSB & Stores and Receiving
 - Travis will talk to his staff

Thank you 😊
