

Engagement Team

“I wanted to be a part of the engagement team because I want to help students learn about the many ways to get involved in sustainability on campus!” - Maiah Caise

“For me the engagement team is an opportunity to expose all the ways our campus is trying to become more sustainable. I want to find ways to get both our community and students involved and excited about sustainability!” - Sonali Kumar

“The engagement team provides not only a great opportunity for me to increase my knowledge and understanding within the sustainable space, but also allows me to engage the student and faculty community around me to lead sustainable initiatives!” - Kavya Mula

Past Achievements

- Certified Green Office & Chapter Program was launched
 - 3 green offices, 7 green chapters, 38 certified green events
- Facilities and Services joined the GSA in 2021
- Kickoff meeting with iCAP team clerks and program/website staff to establish a protocol for submitting and posting updates on the iCAP portal
- A channel for iSEE was created under the GivePulse UIUC channel
- 4 year plan was created with Illini Union Board to address objective of planning and assessing student events

Semester Plans

- Increase iSEE visibility on campus by embedding iCAP Portal in other college webpages
- Continue the progressive work of the Illini Union Board Green Event's program by advocating for green Chancellor-level events
- Enhance sustainable culture by fostering a first year experience at Illinois and increase certificates issued through the Certified Greener Campus Program by 20% every year
- Support programs like the Youth Sustainability Summit to form strong relationships and enhance sustainability engagement with the CU community
