

POLLINATOR SUPPORTIVE LOCATIONS MAP

Location ID	Name	Location	Nearest Building #
01	Lincoln/Allen Residence Halls Native Plantings	Lincoln Avenue Residence Hall / Allen Residence Hall	141/142
01-01		South Side of Lincoln Avenue Residence Hall	141
01-02		East Side of Lincoln Avenue Residence Hall	141
01-03		Northeast Side of Lincoln Avenue Residence Hall	141
01-04		North Side of Allen Residence Hall	142
01-05		North Side of Allen Residence Hall	142
02	Veterinary Medicine Rain Garden	Southwest of Veterinary Medicine Teaching Hospital	292
03	South Arboretum Woods Plantings	Northeast Corner of Lincoln Ave and St Marys Rd, South of Japan House	354
04	South Arboretum Woods Plantings	South Arboretum Prairie, South of Grounds Storage Building	881
05	Pollinatarium Prairie	Pollinatarium	884
06	Red Oak Rain Garden	Walkway Adjacent to Allen Residence Hall	142
07	Morrill/Burrill Hall Walkway Plantings	Between Morrill Hall and Burrill Hall	242
08	Natural Resources Building Plantings	Natural Resources Building	109
09	Natural History Building Planting	Natural History Building	32
10	Illinois Path Planting	Military Axis	6
11	Florida Orchard Prairie	Intersection of Florida and Orchard	100
12	Chi Omega Plots	Between Lincoln Hall and the English Building	27/44
13	Arboretum Native Plants	Arboretum	374
14	Intersection of Goodwin and Illinois	Intersection of Goodwin and Illinois	52
15	Sesquicentennial Garden	Sesquicentennial Garden	374
16	Temple Buell Hall	Temple Buell Hall	339
17	Electrical and Computer Engineering Planting	Southeast Corner of Electrical and Computer Engineering Building	409
18	Boneyard Creek	South Side of Bardeen Quad	29
19	University High Native Planting	East Side of University High School	61
20	Spurlock Garden	West Side of Spurlock Museum	373
21	Business Instructional Facility Plantings	Southwest Corner of Business Instructional Facility	1206
22	Krannert Art Museum Garden	South Side of Krannert Art Museum	220
23	Wassaja Hall Native Planting	Outside Wassaja Hall	1249
24	Bousfield Hall Native Planting	Outside Bousfield Hall	1252
25	Veterinary Medicine Prairie Planting	Between Parking Lot and Facility	350
26	Petascale Facility Native Plants	Eastern Side of Facility	1244
27	Taft House Plantings	East Side of Taft House	161
28	"Carbon Garden" at Davenport Hall	South Side of Davenport Hall	1
29	MCORE Planting Main Library	North Side of Main Library	41
30	Solar Farm 2.0 Landscape Buffer	South Side of Solar Farm 2.0	8332

The Pollinator Map is provided through the support of the University of Illinois Bee Campus USA Committee. It is intended to identify areas on campus that support our local and migratory pollinator populations. This information supports campus master planning.

Plantings indicated with the butterfly provide resources for pollinators. Though many smaller plantings at the university also support pollinators, this map prioritized larger plantings, or those with a higher diversity of plant species.

Left out of the map are the countless numbers of trees and shrubs which also support our pollinators with food and shelter throughout the year. These would include our trees such as the 700 Lindens and Hawthorns that are a valuable source of nectar and/or pollen.

As the university's campus is always under construction and progressing, this map will be updated annually in the spring to include newly transformed areas.
