Subject: Approval requested: Outdoor recycling bins - written approval needed

Hi Mohamed and Evan,

You both gave verbal approval previously to spend up to \$350k on replacing the outdoor trash receptacles with trash and recycling dual bins. Pete Varney and the interim Zero Waste Coordinator Shantanu Pai have developed a more detailed cost and schedule for this project (attached here). It shows an estimated cost of \$303,800 and a seven month schedule. Because there is no contingency for unexpected costs in this estimate, I am seeking your approval for \$310,000 from the Carbon Credit Sales Fund.

Per the attached MOU, approval is needed from both F&S and iSEE to proceed. The available balance is currently \$980,721.85. There is also a new sale underway through Second Nature which will increase this balance.

2/2/2022

Please approve: \$310,000 for replacing the outdoor trash bins with dual bin stations in consolidated locations, per the attached memo

Thank you,
Morgan

MORGAN B. WHITE
