Subject: FW: iCAP Portal request and proposed work - Carbon Offsets Account

Morgan,

By copy of this note, I am asking Jenny Gibson to add a commitment for the MSTE portal and proceed with the transfer. She will provide you with an updated Commitment list including the PRV number after that has been added. Please let us know if you have concerns or questions.

Jenny K, we will get the commitment added and transfer funds to your CFOP in December.

Andrea

Subject: FW: iCAP Portal request and proposed work - Carbon Offsets Account

Dear Andrea,

Per below, both Evan and Mohamed have approved to provide MSTE with \$15k to update the iCAP portal website. MSTE will assign their computer person to make improvements and new coding designs to the iCAP Portal.

I will be making the \$15K transfer to MSTE from iSEE's main account.

As previously, can you please transfer to iSEE's CFOP#: 1-100019-508000-508001 the \$15K?

Please let me know when to be on the lookout for the transfer.

Thank you!
Jenny

Thank you Evan
I am fine with it if you are supporting it.

Many thanks

Hi, Mohamed

I forgot to mention where you were here.

Would this request be appropriate for our Carbon funds. It's a small amount but would make the iCAP portal more user friendly.

Cheers,

Evan

Hi Evan and Jenny:

Besides the regular maintenance (\$5000), MSTE proposes some extended maintenance functions and request \$10,000 for 2019. Together they request \$15,000 for 2019.

Morgan and I discussed the request and we think those new functions are timely important to 1) improve the implementation of the photo galleries, 2) add videos to highlight sustainability efforts around campus, and 3) allow users to more easily take advantage of the data in the Portal for research and teaching. Thus I would suggest that iSEE considers the request.

Best regards

Ximing
