Hi Andrea!

I hope you had a great summer. I'm forwarding the email chain below to alert you that we should get a small amount of funds to add to the Carbon Credit Sales account from Second Nature.

It will be some (unknown) share of the proceeds from selling a group of Carbon Credits. My guess is the total is less than \$10,000, and our share should be less than half that amount.

I'll let you know as soon as I hear anything further.

Thanks,  
Morgan

Correct. I'm unsure how they're splitting them up exactly between participating schools but our credits are a part of this sale

Hi Micah,

Do you know how this translates to our UI carbon credits? It is small, but I presume they will still send over our share of the proceeds. Right?

Thanks,

Morgan

Hi everyone,

I wanted to let you know that BEF has asked to purchase 1,500 credits. Congrats! Even though its a small amount, I think its an important step to be connecting with new buyers. This includes the credits that will go towards USGBC.

I will let you know if there are any next steps as far as information about the projects.

Best,

Ruby

Hi all,

Hope everyone has had a great summer! Its been a while, so I wanted to check in with a few updates. Now that we have all of the 2017 credits ready, I've been reaching out to buyers and reminding them of our projects.

- USGBC is interested in purchasing a small amount (~500 credits) to help offset their GreenBuild event. They would also highlight the projects in communications. Its a minimal volume for us, but I think its a really great opportunity to get visibility for these projects and the C2P2 program.
- [BEF](#) (who originally worked with these projects) may also be interested in a similar volume.
- The price point for these is the same as our last sale to BPTN. **Please let me know ASAP if you would NOT like to be included in these potential sales.**

We'll be reconnecting with BPTN in October, and are hoping they will continue to support these projects with a large-volume sale. I'll keep everyone updated in the meantime, and will also set up a group call to check in once the semesters are underway.

Best,

Ruby
