Morgan,

If Evan concurs, I agree with this recommendation to utilize carbon credit sales funding for Solar Farm 2.0 preliminary legal services.

Thank you,

Helen

Subject: Carbon Credit Sales - funding request

Hello Helen and Evan,

The Solar Farm 2.0 Ad Hoc Advisory Committee has met twice, and we have identified a need for outside Legal Counsel in order to address some of the technical legal questions for preparing the Request for Proposals (RFP). We estimate that the cost will be \$5,000, and I would like your permission to use the Carbon Credit Sales funding for this purpose.

Please approve: Legal Counsel for Solar Farm 2.0 RFP, estimated at \$5,000

The legal counsel to be hired would be the same firm that assisted with the previous two clean energy Power Purchase Agreements (PPAs): Paul Durbin with Miller Canfield.

This funding would be only for support in preparing the RFP and evaluating the proposals. If the selected proposal is approved to move forward, then a separate funding approval would be needed (from this or other sources) to negotiate the PPA terms and conditions.

Thank you,
Morgan
