 - There were some people online that I'm forgetting
- Introduction
 - Name, pronouns, year in school, major, affiliated club
- Explicit description of what we do
- Plug for CSM
 - If you would like us to help promote or organize an event, let us know
 - Ask for feedback on events last year, ideas?
- What are everyone's goals for this semester?
- Brainstorm resources/ideas
 - Vet: contact with medical school -> do they have a sustainability committee?
 - Need support with getting unused "medical grade waste" to be recycled
 - Tessa: contact with undergrads, getting more students involved with research group -> potential good contact: SWE
 - Gabe: collective effort for large career fair/panel
 - Graham: potential opportunity for divestment -> talking directly with student groups who are funded by fossil fuel companies, seeing if we could pay them instead and/or if they would stop getting funded by them in the future
 - Tessa: keep an eye out for if fossil fuel reps are attending/hosting an event on campus -> sit-in/bombard them
- Plug Reimagine Our Future Undergraduate Sustainability Competition
- Plug ACES RSO Fair

- If you need added to the slack or email, come talk to us
