Fleet Replacement Plan

- Prairie Research Institute has yet to begin implementation on any fleet replacement plan.
- Further work needs to be done to identify additional fleets to contact.

Long-Term Bike Storage

- Round Barn site is currently used for bike storage and is being repurposed.
- New long-term location is needed for bike storage during winter and summer.
- Location needs to be big enough to store 750-1000 bikes.
- Transportation Team can write recommendation for new location.

Short-Term Bike Storage

- Sarthak has generated a list of potential bike shelter suppliers and has asked our team to evaluate the options.
- Use remaining time to discuss what we should be looking for with short term bike storage.
- Likely locations
 - Engineering quad
 - Main Library bike racks
 - Lot E15 Parking Garage.

Have a great weekend!
I-L-L!
