Chair ASHRAE Covid Epidemic Task Force

LUNCH

DESIGN THINKING SESSION

BREAK 10 mins

Closing The Gap Between Public Health & Building Science

ENERGY EFFICIENT
HVAC INFECTION CONTROL

IGT2030.COM/iCAP

**Almost All University, K-12 Schools, and Other Buildings
Are Blindly Struggling To Have Enough Clean
Indoor Air For Us To Breathe!**

**The short-term solutions being provided can have
high energy costs while providing unwanted increases in
Green House Gas environmental pollution.**

**We have the technologies to deal with these challenges.
We simply have to want to do it!**

Come and help create:

The Clean Air In Buildings Challenge for Illinois.

**Join us this Thursday Nov 10th from 9:00am - 5:00pm
Lunch Will Be Served!**
