

# COASTER CYCLES

When everything works well in business, there is a seamless link between you and your customer.

When we created our Coaster Electric Cargo Trikes, our goal was to make that link even easier to connect. A Coaster ECT is your Last-Mile solution.

**Commercial Grade  
Since 2005**

**Sustainable and scalable delivery options built on a foundation of service, trust, and quality.**

**We've built upon many years of experience to create a new line of Cargo Bikes. Coaster Electric Cargo Trikes are the perfect intersection of design expertise, craftsmanship, and riding enjoyment.**

# Coaster Models

COASTER  
VENTURE

Designed for performance, the Venture is a light and maneuverable ECT with efficient cargo capacity and a top-loading cargo box.

---

COASTER  
VENTURE TRAILER

The Venture Trailer quickly adds capacity to the Venture. Designed with a standard ball-style hitch, attaching the Venture Trailer is quick and convenient.

---

COASTER  
FREIGHTER AW

With added rider protection and a built-in anti-theft system, the Freighter AW is ready for any job.

# CARGO CAPACITY

## A REVOLUTION IN SUSTAINABLE SHIPPING AND SERVICE NEEDS.

Finding the right cargo size puts you in charge of the growing demand of your customers.

VENTURE

13.5 cu. ft. / 0.38 m<sup>3</sup>  
Cargo Load – 200 lbs

FREIGHTER AW

72 cu. ft. / 2.2 m<sup>3</sup>  
Cargo Load – 400 lbs

# RIDER FOCUSED

**SAFETY IS A TOP PRIORITY FOR EVERYBODY ON THE ROADS AND PATHS.**

By placing the rider in front of the cargo, visibility and control are optimal and cargo space and weight capacity are maximized.

**COASTER ECT'S ARE DESIGNED TO BE MANEUVERABLE AND VERSATILE THROUGH THE CITY STREETS.**

The unique Coaster design and Bosch motor provides the ability to pedal with or without eAssist.

# TECHNOLOGY

## HIGH QUALITY COMPONENTS

and Integrated Technology make the Coaster ECT models an innovative and clean powered delivery solution.
