

UNIVERSITY OF ILLINOIS  
AT URBANA-CHAMPAIGN

Office of Sustainability  
607 East Peabody, Room 163  
Champaign, IL 61820

Memorandum of Understanding for Project Financing by the Student Sustainability Committee at the University of  
Illinois at Urbana-Champaign

**Project:** Krannert Center Lobby LED Retrofit

**Amount:** Up to \$450,000

**Originating Campus Unit:** Office of Sustainability

**Receiving Campus Unit:** College of Fine and Applied Arts

**Funding Source:** Student Sustainability Committee

**Primary Contact Person:** Valerie Oliveira

**E-mail:** valo@illinois.edu      **Phone:** (217) 333-6720

**Secondary Contact Person:** Mary N. Anderson

**E-mail:** nutter@illinois.edu      **Phone:** (217) 244-3189

**Program Background:**

The Student Sustainability Committee (SSC) is tasked with the allocation of the proceeds of two student environmental fees – the Clean Energy Technology Fee and the Sustainable Campus Environment Fee, to improve the sustainability of our campus. The committee is establishing a program to make funds available for efficiency projects that will be later returned for reinvestment in future projects.

Committee funds will be made available to the Office of Sustainability which will carry out an inter-departmental transfer to the Receiving campus unit. The Receiving unit agrees to return the transfer to the Office of Sustainability, in installments, as described on the next page, for reuse by the SSC.

**Project Description:**

The College of Fine and Applied Arts (FAA) and the Krannert Center for the Performing Arts (Krannert Center) seek funding to retrofit the lobby of the Krannert Center with LED lighting. The installation of such lighting will result in annual savings of ~\$70,000 due to reduced electricity consumption, reduced maintenance costs for relamping, and reduced cooling loads. The installed lighting will be networked and programmable, allowing staff to change lighting colors and intensities, creating new opportunities for events at the Krannert Center. Additional benefits include the long lifetime of the bulbs and the exposure to the Center and the University for pioneering such an installation.

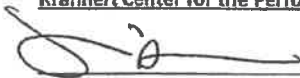

**Terms:**

The Student Sustainability Committee is in favor of the Office of Sustainability transferring an amount of up to \$450,000 to the College of Fine and Applied Arts for completion of this work. These funds are to be drawn from both the Clean Energy Technology Fee and Sustainable Campus Environment Fee account managed by the SSC, as needed to complete the project. All funds requested from the SSC must be expended before 30<sup>th</sup> February 2010, else the unit must apply for an extension.

Any grant funding from the Illinois Clean Energy Community Foundation, DCEO or any other entity will be immediately returned to the SSC. The College of Fine and Applied Arts agrees to return the funds provided by carrying out annual transfers to the Office of Sustainability of \$60,000 due on the 15<sup>th</sup> of August, starting 15<sup>th</sup> August 2011, and continuing all funds are returned. The Office of Sustainability will direct them back to the Committee's account. The Krannert Center will provide a close-out report about the project after installation.

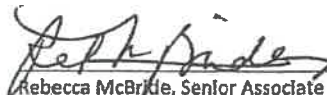

All funds provided by this transfer will be used in a manner consistent with University policies and procedures.

**Krannert Center for the Performing Arts:**

Mike Ross, Director

Date Approved: 7.09.09

Rebecca McBride, Senior Associate Director

Date Approved: 7.09.09

**College of Fine and Applied Arts:**

Robert Graves, Dean  
College of Fine and Applied Arts

Date Approved: \_\_\_\_\_

Mary Nutter Anderson, Business Manager  
College of Fine and Applied Arts

Date Approved: 7-10-09
