Time to complete

Project Questionnaire

Please provide proper and accurate information.

1. Is your project complete? *

 Yes No

2. Name of project *

Illini Student Musicals Rechargeable Batteries

3. Date project received financial award letter *

October 24, 2023

4. Date of project completion *

3/28/24

5. Date of final report submission *

7/31/24

6. Please describe marketing and promotion efforts for the duration of the project. *

This project aimed to reduce internal waste within Illini Student Musicals, so there was no external promotion or marketing campaign. However, the board of directors explained the significance of the upgrade to the sound crew and other ISM general members. In these communications, we explained what the SSC was to those unfamiliar and how the new batteries will impact ISM's operations moving forward. We hope that educating our members about the important work of the SSC and how we were able to get this funding will help inspire more projects and sustainability efforts in the future.

7. Please describe how your project faced challenges or obstacles during the duration of development. *

Thankfully this project was able to be completed without many major challenges. Once we got approved for funding our academic advisor, Sarah Wigley, in collaboration with Jerran Miller was able to use the funds and place the online order for the charger, AA batteries, and 9V batteries.

8. Please describe in detail how your project has integrated student involvement, community outreach, and campus sustainability. *

Illini Student Musicals is a student-run RSO on campus focused on bringing performance and development opportunities to students of all majors on the UIUC campus. This SSC funding was dedicated to purchasing rechargeable batteries to support ISM's microphones for our main-stage show each semester. Before this funding, ISM would go through hundreds of single-use AA and 9V batteries throughout the tech week and the show process. This project promotes sustainability by reducing this waste and supporting the performances ISM puts on for our campus community.

9. If applicable, please explain how the project engaged individuals from underrepresented groups and/or promote diversity, equity, and inclusion. *

This question is not applicable to this project.

Project Documentation

10. Please upload the final financial documentation for your project

<https://studentengagement.illinois.edu/student-sustainability/ssc/docs/SSC-Supplemental-Budget-Timeline.xlsx>
