4. Date of expiration listed on award letter (or on scope change approval if more recent) *

5/25/2026

5. Date of forecasted project completion *

5/1/2026

6. Have you submitted one or more semester progress reports previously? *

YES

NO

7. Describe, in detail, what has been completed on the project since the last semester progress report (or since the project commenced if you have not yet submitted a semester progress report)? *

Eight enhanced hydration stations have been installed at University residence halls: 4 at Snyder Hall, 2 at FAR, and 2 at LAR. Nine more are slated to be installed in the next few weeks - the team will utilize the break period to complete these installations. Fourteen more units have been purchased to be installed during the spring semester and summer break.

8. Describe, in detail, the project's challenges/obstacles since your last semester progress report (or since the project commenced if you have not yet submitted a semester progress report)? *

The team luckily has not ran into any challenges that have disrupted implementation of this project!

9. Describe, in detail, the project's successes since your last semester progress report (or since the project commenced if you have not yet submitted a semester progress report)? *

Eight enhanced hydration stations have been installed, allowing hundreds to thousands of dorm residents across Snyder Hall, FAR, and LAR to have access to a new filling station. This symbol of sustainability in the dorm encourages students to use reusable bottles over disposable options, as students overwhelmingly prefer these enhanced hydration stations to regular water fountains.

10. Complete and upload the semester financial documentation for your project. You should reflect all expenditures since your last semester project report. We strongly suggest that you also upload supporting financial documentation from Banner for your award CFOP. NOTE: When your project is completed and/or expired (whichever comes first), any remaining project funds will be transferred back to the SSC.
