22. Project Timeline:

(SSC funding agreements remain active for two years. List your project's timeline and major milestones.) \*

This project should be completed by November 8th.

23. Project Description:

(In 250 words or less, describe your project. What does your project hope to accomplish? What are your project's deliverables?) \*

We hope to provide planet friendly meals to those who show up for an educational event about divestment.

24. Environmental Impact:

(In 200 words or less, how does your project increase environmental stewardship at UIUC? If applicable, what is the carbon, water, waste, and/or energy savings?) \*

Our project increases environmental stewardship by replacing a meal that would have been possibly a higher carbon emission meal with one that has no animal products meaning a lesser environmental impact.

25. iCAP Objective Correspondence:

(In 200 words or less, does your project aim to advance one or more of the Illinois Climate Action Plan's (iCAP) objectives? If so, how?)

A full list can be found here: <https://icap.sustainability.illinois.edu/objectives>

Yes, this project facilitates objective 5.6 and 6.2. The Red Herring uses local food in its procurement of food items and this further can highlight the role that sustainability can play in our lives.

26. Student Impact:

(In 200 words or less, how will this project benefit students? How will students be involved with this project? What educational components are in your project?)

\*

This project will benefit students by not only giving them planet friendly food to consume that is good for them and good for the planet but it will also call attention to what they eat through that. By providing planet friendly catering in tandem with an educational event, there can be a greater reach of sustainability minded folks.

27. Please see attached file, please be very descriptive and fill out the budget and timeline Excel sheet, and submit it below.
