## Project Questionnaire

Please provide proper and accurate information.

1. Name of project *

> College of Education, South Atrium Green Wall

2. Date project received financial award letter *

> 05/01/2023

3. Date of forecasted project completion *

> 05/31/2025

4. Date of report submission *

> 08/16/2024

5. Marketing and promotion efforts to date *

> We have met with College of Education Marketing and Communications to discuss the ways that the green wall can be used to promote academics in the building and advance sustainability on campus. Once the wall is installed, Marketing and Communications are prepared to make announcements, write stories for college newsletters, etc.

6. Please describe project progress *

> Through a process that involved College of Education students, staff, and faculty, a design for a 13' x 9' living green wall has been decided upon. A purchase order has been secured with the vendor. We have been waiting for several months for the campus architect to make a decision about where an existing piece of artwork can be moved so that the green wall can replace it. We are hoping this issue is resolved soon. As soon as that decision is made, installation can happen within a short period of time. We hope that the wall will be installed and being enjoyed by the campus community by winter.

7. Please describe how your project integrates student involvement and community outreach *

> The design of the green wall is based on initial student designs and student feedback. Signage for the green wall will include information about the well-being benefits that living walls provide spaces such as academic buildings.
