## Project Questionnaire

Please provide proper and accurate information.

1. Name of project \*

ARC Solar Shade Stations

2. Date project received financial award letter \*

May 5th, 2023

3. Date of forecasted project completion \*

4.16.24

4. Date of report submission \*

2.8.24

5. Marketing and promotion efforts to date \*

We sent out the save the date invitations on 2.5.24

6. Please describe project progress \*

We have purchased the solar workstations but are waiting for the temperatures to increase to complete the concrete that the workstations will be placed on. The grand opening of the space is scheduled for 4.16.24. We also conducted a survey to better understand students' perceptions of sustainability efforts through Campus Recreation

7. Please describe how your project integrates student involvement and community outreach \*

Student conducted the surveys, analyzed the data, and wrote the report of findings. Students conducted the research to select the solar workstations and will be facilitating portions of the grand opening celebration. The workstations and adjoining fitness court will reduce barriers to participation for the greater community and provide additional outdoor opportunities.

## Project Documentation

8. Please upload updated financial documentation for your project
