Time to complete

Project Questionnaire

Please provide proper and accurate information.

1. Name of project *

Dorner Drive Retention Pond Transformation

2. Date project received financial award letter *

Potentially 12/4/21, but i do not have that information. I received control over remaining funds on 2.17.23.

3. Date of forecasted project completion *

May 2024

4. Date of report submission *

9.1.23

5. Marketing and promotion efforts to date *

This project is referenced with the staff at IL Extension in working with the Red Oak Rain Garden. This project was also discussed at the 2023 Big Ten and Friends Landscape Conference held on campus.

6. Please describe project progress *

Project funding is for herbicide applications to the seeded prairie. One application has been done, with another application coming this month. Two more applications will occur through May 2024 to finish the project.

7. Please describe how your project integrates student involvement and community outreach *

This project was initially designed and installed with assistance from students, as well as IL Extension.

Project Documentation

8. Please upload updated financial documentation for your project

<https://studentengagement.illinois.edu/student-sustainability/ssc/docs/SSC-Supplemental-Budget-Timeline.xlsx> *
