

## STUDENT SUSTAINABILITY COMMITTEE

### Final Report

*Thank you for your commitment to green initiatives at the University of Illinois. One of the final steps in completing the terms of the funding agreement for your project is the submission of a Final Report with key information about your project. You will also need to submit a detailed report of expenses (if you don't list it within this document) as well as supporting photos to showcase your project.*

*Please be as accurate as possible in describing the project (including possible setbacks or challenges in meeting the initial goals of the project). Not fully meeting your project's goals will not disqualify you from making future funding requests as long as your reports are as complete and accurate as possible. If you have any questions, please contact the Student Sustainability Committee, at [sustainability-committee@illinois.edu](mailto:sustainability-committee@illinois.edu).*

---

**Project Name:** Ecofeminism Summit

**Date of Report Submission:** 4/28/2022

**Project Purpose:**

The Ecofeminism Summit 2022 offers a month-long series of programs designed to connect social justice, environmental justice, and feminist theory. Keynote lectures, workshops, film screening, and lectures will provide students with unique opportunities to further explore ecofeminist theory and praxis.

**Project Summary:**

The Ecofeminism Summit hosted four events. At these events we discussed a variety of things from how nuclear energy impacts women to the importance of acknowledging all parts of a person's identity when it comes to fighting for climate justice. We had over 200 attendees across the four events, so our goal of having a large and diverse audience was met, starting many people's ecofeminism and environmentalism journey

**Summary of Project Expenditures:**

The costs for the Ecofeminism Summit included speaker honorariums, a book buy, and menstrual cups. A detailed report of costs will be attached at the end of this document.

**Problems/Challenges Encountered**

Our goal our funding application approved by 3/1/2022 and we successfully did that a few weeks early. Our next target date was to have the final report submitted by 5/1/2022 which it will be. The timeline of this project is on track.

**Problems/Challenges Encountered**

We had a few setbacks when trying to confirm speakers and get menstrual cups delivered. But these were quickly resolved and were very successful.

**Student Involvement and Outreach to Date:**

Students were invited to attend the Ecofeminism Summit and over 200 attended. Students were invited to ask questions during the Q+A portions of the event in order to engage with the speaker and develop their understanding of ecofeminism

**Marketing and Promotion Efforts to Date:**

The Women's Resource Center shared flyers on Instagram promoting the event. I also sent emails to the Sustainability RSOs sharing the flyers and inviting them to attend.

**Additional Comments:**

Any additional comments/relevant information for this report

In addition to the above fields, please provide a detailed accounting of how the funding was spent as well as pictures of the final project in an email to [sustainability-committee@illinois.edu](mailto:sustainability-committee@illinois.edu). Thank you again for your commitment to sustainability.

Event/Item Description	Funding Source
