Time to complete

1. Date of this semester progress report submission *

5/16/2025

2. Name of project exactly as it was listed in your award letter *

Sustainability Grammys (Environmental RSO Recognition Opportunity)

3. Date of original award letter *

2/28/2022

4. Date of expiration listed on award letter (or on scope change approval if more recent) *

06/30/2026

5. What is your project's 6 digit fund account number created for this project and to which the SSC allocation was transferred?

Please ask your project's financial contact for this information if unknown.

6. How much was your award (i.e., original award plus any approved budget increases)? *

\$9000

7. How much of your award has been spent to date (in dollars)? *

\$6126

8. Date of forecasted project completion *

05/31/2026

9. Have you submitted one or more semester progress reports previously? *

☒ YES

☐ NO

10. Describe, in detail, what has been completed on the project since the last semester progress report (or since the project commenced if you have not yet submitted a semester progress report)? *

On April 17, we held the annual Green Globes event. The Green Globes event allowed for different organizations across campus to come together and get to know one another while celebrating their contributions to environmental sustainability. It also served as an engaging opportunity for students to learn more about the Illinois Climate Action Plan for 2025 and the commitments Illinois has made to helping our environment.

11. Describe, in detail, the project's challenges/obstacles since your last semester progress report (or since the project commenced if you have not yet submitted a semester progress report)? *

This year we had a goal of engaging Greek organizations on campus by offering a "Greenest Greek" award for the first time. I feel as though an obstacle is that we cannot or have not directly worked with PHC and IFC at Illinois. Therefore, the initiatives we provide oftentimes are overlooked by Greek Life on campus due to a lack of awareness or additional steps needed that are outside of their PHC and IFC duties. I believe that having more of direct contact with chapters, as well as possibly meeting with PHC and IFC to promote this incredible opportunity, would allow for more chapters to want to be Green Certified and be able to attend Green Globes in the future.

12. Describe, in detail, the project's successes since your last semester progress report (or since the project commenced if you have not yet submitted a semester progress report)? *

Green Globes was able to have a bigger outreach this semester as we were able to highlight different organizations on campus, and some organizations received their first-ever reward. These rewards continue to fuel sustainability efforts on campus and can benefit newer organizations established on campus. Green Globes successfully allowed students to engage in the Illinois Climate Action Plan discussion as well through an interactive session, which I believe was a success. Overall, the event was a fun and engaging way to keep the conversation about sustainability going. Ideas were able to be shared, and organizations were able to celebrate their achievements this past year.

13. Did your project have any changes to its team that SSC should know about (e.g., project lead, faculty/staff advisor, departmental financial contact)? *

NOTE: If yes, please complete the SSC Project Contact Information Change Form located at this link: <https://forms.office.com/r/uBjx9nmNpG>

☒ YES

☐ NO

14. Complete and upload the semester financial documentation for your project. You should reflect all expenditures since your last semester project report. **We strongly suggest that you also upload supporting financial transaction reports from Banner for your award CFOP. Talk to your project's financial advisor for more information on generating this report.**
