

STUDENT SUSTAINABILITY COMMITTEE

Funding Award and Acceptance Letter

December 13, 2019

Project: An Energy Saving Demonstration for Remolding Old Structures at the ABE Farm-Phase 2

Dear Mx. Tim Lecher:

On behalf of the University of Illinois at Urbana-Champaign Student Sustainability Committee (SSC), I would like to thank you for considering the funds raised by the Sustainable Campus Environment Fee to implement a project that improves the sustainability of our campus. SSC is pleased to inform you that we are recommending to the Institute for Sustainability, Energy, and Environment (iSEE) that your project receives **\$24,000** in grant funding.

In order to remain eligible for this award, you must agree to the following conditions:

1. A final report of all work completed should be provided to the SSC Program Coordinator by **December of 2021**.
2. Project status updates and detailed account statements must be provided at the end of each semester, in the method requested, until the project is completed.
3. The Contact Person will be individually responsible for all official communication and the execution of this agreement.
4. The CFOP provided for this award shall strictly be used for the money awarded in this proposal.
5. Any substantial modifications to project scope, budget, or timeline must first be approved by SSC. These requests must be submitted in a formal letter to the Chair and Coordinator.
6. All projects will be expected to follow campus policies and procedures as well as any applicable State and Federal laws.
7. SSC reserves the right to revoke funding if the project does not comply with the terms and conditions outlined in this letter.
8. Any press releases or educational/promotional materials involving the project should acknowledge SSC funding.
9. Any signage involving the project or events surrounding this project should include SSC's logo and/or a statement of which fee funded the project. Projects must coordinate with SSC to ensure promotion appropriately highlights the SSC's contributions to the project.

If you agree to the terms and conditions for the funding, please sign on the designated line at the bottom of this letter. If you have any questions regarding these requirements please contact the SSC, at sustainability-committee@illinois.edu. You will be notified when the Institute for Sustainability, Energy, and Environment and Vice Chancellor for Student Affairs officially approves this project. Again, thank you for your interest in improving the sustainability of the University of Illinois at Urbana-Champaign. We look forward to working with you in the future.

Project: An Energy Saving Demonstration for Remolding Old Structures at the ABE Farm-Phase 2

Funding Source: Sustainable Campus Environment Fee

Funding Amount: \$24,000

Receiving Campus Unit: Agricultural & Biological Eng.

Unit Financial Contact: Ronda Sullivan

E-mail: rsully@illinois.edu

Project Description:

This project aims to help meet the iCAP goal of energy conservation in buildings and provide a sustainable environment for student based activities including, but not limited to RSO club meetings, research activities, hands on teaching labs, equipment development, construction and testing, and student group functions that promote student interaction and camaraderie. By replacing inefficient doors that are poorly sealed in the ABE Farm Manager/student offices and shop facility, we will help achieve the iCAP goal of becoming better stewards of the environment, while saving funds that can be used for other activities. The desired outcome is three (3) new fully insulated, sealing and operationally reliable overhead doors and operators that will assist in achieving our goals and provide for a welcoming and efficient, learning environment. Based on available data, we anticipate the cost of these upgrades will be recovered by energy savings in approximately 9 years or less after installation.

This proposal directly funds:

1. Doors
2. Labor
3. Sealants and weather-stripping
