Project Description:

Since 1995 University Housing operated a salvage drive as a way for students to donate used furniture, clothing, appliances, canned and boxed foods, and electronics at the end of the semester. In 2012, University Housing started collaborating with the University YMCA to coordinate this effort, and in spring 2019, at the request of Chancellor Jones and the University YMCA Board, University Housing and Facilities & Services contributed drivers and trucks to assist with collections. This year, we are working toward a standing commitment from campus to support Dump and Run and are working with the Office of the Chancellor about potential expansion into the wider community. We are seeking SSC support for the next two years for the basic services campus provides, while a long-term strategy for a community-based program is identified.

This proposal directly funds:

1. Space and Storage rental
2. Trucks
3. Labor
