Time to complete

Project Questionnaire

Please provide proper and accurate information.

1. Is your project complete? *

 Yes No

2. Name of project *

Campus Composting

3. Date project received financial award letter *

12/17/2019

4. Date of project completion *

2/3/2023

5. Date of final report submission *

8/11/2024

6. Please describe marketing and promotion efforts for the duration of the project. *

Not sure; this program was run by a staff member who has since left the university

7. Please describe how your project faced challenges or obstacles during the duration of development. *

Demand for composting was too high (e.g. the NSRC composting bin broke under the weight of material that people delivered). Coordinating pick up by the SSF meant significant delays in emptying the composting bins. Other bin "owners" were non-responsive in communications. Each bin "owner" seemed ill equipped to start the project on their own, requiring more support from iSEE.

8. Please describe in detail how your project has integrated student involvement, community outreach, and campus sustainability. *

Very little was done to engage students directly. iSEE had an intern that tried to support the other bin "owners". Bin "owners" were selected to be across campus and from different campus departments (CEE, private certified housing/Presby Hall, iSEE, not sure if Ikenberry Commons got one).

9. If applicable, please explain how the project engaged individuals from underrepresented groups and/or promote diversity, equity, and inclusion. *

Not sure it did at all.

Project Documentation

10. Please upload the final financial documentation for your project
