Project Description:

Quad Day is one of the largest events every year, with over 10,000 students participating in a massive organization fair the day before classes start each fall. An unfortunate side effect of an event this large, however, is the significant amount of waste it produces - including countless recyclable materials that are thrown away each year. For the first time, Quad Day 2018 featured Reduced Waste efforts, spearheaded via a partnership between the Illini Union and iSEE. A single recycling station, located in a central location, was able to collect over a thousand bottles, cans, cardboard boxes, and paper fliers. RSOs were also given the ability to receive Green Recognition, with almost forty opting to participate this year. This SSC grant will expand the Zero Waste Quad Day efforts by adding recycling stations throughout the Quad, increasing outreach efforts to Registered Student Organizations, and expanding recycling information.

This proposal directly funds:

1. Recycling bins & liners
2. Signage & banners
3. Volunteer protective equipment (ex. Gloves)
4. Outreach materials
