

STUDENT SUSTAINABILITY COMMITTEE

Funding Award and Acceptance Letter

December 11, 2017

Project: Baler for Plastics – Project Conceptualization

Dear Mx. White:

On behalf of the University of Illinois at Urbana-Champaign Student Sustainability Committee (SSC), I would like to thank you for considering the funds raised by the Sustainable Campus Environment Fee to implement a project that improves the sustainability of our campus. SSC is pleased to inform you that we are recommending to the Institute for Sustainability, Energy, and Environment (ISEE) that your project **receives \$20,000 in grant funding**. This fully funds all items on your proposal.

In order to remain eligible for this award, you must agree to the following conditions:

1. A final report of all work completed should be provided to the SSC Program Coordinator by January 31, 2020.
2. Project status updates and detailed account statements must be provided at the end of each semester, in the method requested, until the project is completed.
3. The CFOP provided for this award shall strictly be used for the money awarded in this proposal.
4. Any substantial modifications to project scope, budget, or timeline must first be approved by SSC. These requests must be submitted in a formal letter to the Chair and Program Coordinator.
5. All projects will be expected to follow campus policies and procedures as well as any applicable State and Federal laws.
6. SSC reserves the right to revoke funding if the project does not comply with the terms and conditions outlined in this letter.
7. Any press releases or educational/promotional materials involving the project should acknowledge SSC funding.
8. Any signage involving the project or events surrounding this project should include SSC's logo and/or a statement of which fee funded the project. Projects must coordinate with SSC to ensure promotion appropriately highlights the SSC's contributions to the project.

If you agree to the terms and conditions for the funding, please sign on the designated line at the bottom of this letter. If you have any questions regarding these requirements please contact the Chair, Nick Heyek, at nheyek2@illinois.edu or the SSC Coordinator, Cathy Liebowitz, at cwl1517@illinois.edu. You will be notified when the Institute for Sustainability, Energy, and Environment and Vice Chancellor for Student Affairs officially approves this project. Again, thank you for your interest in improving the sustainability of the University of Illinois at Urbana-Champaign. We look forward to working with you in the future.

Project Information

Project: Baler for Plastics – Project Conceptualization

Funding Source: Sustainable Campus Environment Fee

Funding Amount: \$20,000

Receiving Campus Unit: Facilities & Services

Unit Financial Contact: Mike Alsip

E-mail: alsip@illinois.edu

Project Description:

The existing baler at the Waste Transfer Station cannot handle plastics beyond #1 and #2. Thus, UIUC requires a new baler before the university can increase the types of plastics collected and ultimately recycled. In order for Facilities & Services (F&S) to purchase a new baler, they first need to conduct a conceptualization study, analyzing cost, construction, and maintenance. This funding provides support to F&S to conduct the necessary conceptualization study. Once F&S completes this study, they will make plans to expand plastic baling to a wider range of plastics.

This proposal directly funds:

1. Labor costs
