Time to complete

Project Questionnaire

Please provide proper and accurate information.

1. Name of project *

Geothermal exchange for greenhouses at UIUC Energy Farm

2. Date project received financial award letter *

2018-04-15

3. Date of forecasted project completion *

2024-12-31

4. Date of report submission *

2024-01-07

5. Marketing and promotion efforts to date *

The project has been promoted through campus communications and external publications (i.e., newspaper articles and journal papers/magazines).

6. Please describe project progress *

During the 2023 Fall Semester, funding was secured to continue the project to completion. F&S now expects the majority of the work done by the end of March 2024, with closeout of the project by May 15, 2024.

7. Please describe how your project integrates student involvement and community outreach *

Students will be involved in the monitoring phase of the projects. This is a field test of a lower-cost geothermal technology that could be applied to other sites on and off campus. It will be accessible to the university community and the public, and be a focal point of outreach being carried at the Energy Farm.

Project Documentation

8. Please upload updated financial documentation for your project

<https://studentengagement.illinois.edu/student-sustainability/ssc/docs/SSC-Supplemental-Budget-Timeline.xlsx> *
