

Funding Award and Acceptance Letter

February 20, 2017

Project: Krannert Center for the Performing Arts (KCPA) Lobby Lighting

Dear Prof. Hall:

On behalf of the University of Illinois at Urbana-Champaign Student Sustainability Committee (SSC), I would like to thank you for considering the funds raised by the Sustainable Campus Environment Fee to implement a project that improves the sustainability of our campus. SSC is pleased to inform you that we are recommending to the Institute for Sustainability, Energy, and Environment (iSEE) that your project receives \$150,000 in grant funding.

In order to remain eligible for this award, you must agree to the following conditions:

- 1. A final report of all work completed should be provided to the SSC Program Advisor by May 31, 2019.
- 2. Project status updates and detailed account statements must be provided at the end of each semester until the project is completed.
- 3. The CFOP provided for this award shall strictly be used for the money awarded in this proposal.
- 4. Any substantial modifications to project scope, budget, or timeline must first be approved by SSC. These requests must be submitted in a formal letter to the Chair and Program Advisor.
- 5. All projects will be expected to follow campus policies and procedures as well as any applicable State and Federal laws.
- 6. SSC reserves the right to revoke funding if the project does not comply with the terms and conditions outlined in this letter.
- 7. Any press releases or educational/promotional materials involving the project should acknowledge SSC funding.
- 8. Any signage involving the project or events surrounding this project should include SSC's logo and/or a statement of which fee funded the project. Projects must coordinate with SSC to ensure promotion appropriately highlights the SSC's contributions to the project.
- 9. Projects must participate in the Campus Sustainability Symposium at least once before June 30, 2020.

If you agree to the terms and conditions for the funding, please sign on the designated line at the bottom of this letter. If you have any questions regarding these requirements please contact the Chair, Paul Couston, at peousto2@illinois.edu or the SSC Coordinator, Micah Kenfield, at kenfield@illinois.edu. You will be notified when the Institute for Sustainability, Energy, and Environment and Vice Chancellor for Student Affairs officially approves this project. Again, thank you for your interest in improving the sustainability of the University of Illinois at Urbana-Champaign. We look forward to working with you in the future.

Project Description:

The Lobby of KCPA is a large 5,000 square foot student-centric multiuse area, arguably one of the most used spaces in one of the most iconic buildings on the campus of U of I Urbana-Champaign. The facility hosts an estimated 200,000 thousand guests, employees, faculty and students every year. The building is nearing its 50th anniversary, and assuring that the functions of the building continue to be upgraded and enhanced to maintain its popularity, frequent usage, and increased sustainable condition in keeping with the campus strategic plan is a priority of the Campus and the College of Fine and Applied Arts.

Current fixtures in the KCPA Lobby are older LED technology built into the ceiling with fewer than two years remaining on their life expectancy. The goal of this project would be to replace the existing 560 LED fixtures (32 watts each) with new LED fixtures (18 watts each) that have the advantage of long term fixture life and with the added advantage of simply unscrewing an old LED lamp after 10 years or so and screwing in a new LED lamp. The need to replace fixtures after another 10 years will have been negated, and now the operations personnel of the building will be able to replace the lamps as needed for decades to come.

This proposal directly funds:

- 1. LED fixtures, lamps, and controls
- 2. Field programming
- 3. Labor from skilled trades to remove old units and install new ones.
